Teachers day in lieu—no school

Tuesday Nov 6th

Melbourne Cup Day—no school

Monday November 12th

3.30 School Council meeting

Dec 3rd —Dec 14th

Swimming program—Carlton Baths

Friday Dec 21st

Last day of term 4

Planning for 2019

Thanks to all of those parents who are coming to the office to enrol their children for school in 2019. If there are children in your family ready to start school next year, (who turn five by April 30th 2019), and you have not yet filled in an enrolment form, please do so as soon as possible. If you have Preps coming to school next year they may already be enrolled in our **Leap into Learning** school readiness program. The program runs at the school every Tuesday and Wednesday from 9am - 11am. Here are some photos of our 2019 preps at **Leap into Learning**.

Important Reminder

There will be no school on Monday November 5th or Tuesday November 6th. On Monday staff will have a time-in-lieu day, as outlined in the Victorian Government Schools Agreement 2017, to compensate for time allocated beyond work hours throughout the year for three way conferences and parent information meetings. Tuesday is a public holiday for the Melbourne Cup. The school will be closed on these two days.

Hot Chocolate Club

Congratulations to the following children who have joined me at Hot Chocolate Club in the last few weeks. They came for showing self-regulation, bravery, persistence and the other behaviours that we know support good learning.

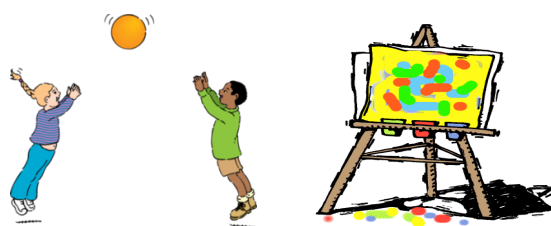

Princes learning area - Amina & Yasir

Drummond learning area - Hanad & Sumaya,

Rathdowne learning area - Lazar, Safia & Ry

Out of School Hours Care (OSHC)

There are plenty of places available every afternoon at our after school program. If you would like more information about the program, activities, cost etc. talk to Bec Harris at school. You are also welcome to drop in any afternoon and to see the program in action and talk to the co ordinator.

Name: Renad

Grade: 2/3 Drummond

Book Title:
Enchanted World of
Witches by Ruth Wickings

**Why should other
people read this book?**

This is an amazing pop-up book! You can look in the witches house through the window or door. You can move the witch on her broom across the sky. My little sister loves pop-up books. I might read this book to her.

What's happening with the learning precinct redevelopment?

- ◆ Sunshades have been fixed to the north facing windows
- ◆ Carpeting, vinyl flooring, painting and installation of cabinetry on level two has finished
- ◆ The ELC courtyard and play spaces are being landscaped
- ◆ Plants are being put up on the COLA green walls

Ahoy architects!

This letter is for you so you can get my ideas for my new classroom. These are the things I have been wishing for, my top 4 styles of furniture.

Our teachers have told us how good you Architects are at your job but we want to help you out by assuring you that there are definitely two types of furniture that you need to include so you WILL make the right choice in choosing furniture for our space.

Standing tables – Studies and articles prove normal weight kids burn 15-25% more calories at standing table. Children are more engaged in standing tables. Standing tables are better for our backs if we have the choice in standing at them every now and then.

White board tables – These are important because they help us collaborate and share our ideas and strategies while doing maths. They will also help us to show our working out clearly.

Do you like to be comfortable when you study? So do we. In order to feel comfortable we will need a couple of things. We will need a couch with a library on the back of it, the couch should be as soft as a sponge. This will help us be organized and if it has wheels on it, it will be easy to move which makes it more flexible. We will also need curved tables. Curved things have proven to be aesthetically pleasing which makes us want to learn in that space.

One last thing we need to do to work together and create the world's best classroom, is put indoor plants around our room. Plants are important for fresh air in classroom. They give off oxygen and fresh air which are both essential our breathing. Any kind of plant will work.

I wish all the things I have mentioned above, they all are in our new classroom.

Aman

Regards

Julie Large

Always hold their hand

When in traffic always hold a young child's hand.

ROAD SAFETY AROUND SCHOOLS
BEGINS WITH **YOU!**
