Parent/carer opinion survey

We would love more parents and carers to complete this survey, which has been extended by the Department of Education until the end of this term.

As explained in the information sent home at the beginning of the state-wide survey period, it is offered annually to families in all schools by the Department of Education. It provides important information to schools and all responses to the survey are confidential. It can be completed online, on computers, laptops, tablets or smartphones and takes about fifteen minutes to complete. Survey translations are available in a range of languages other than English. These include: Arabic, Turkish, Hindi, Vietnamese, Mandarin, Japanese, Somali and Punjabi

If you would like more information about the survey or support in accessing it, please come to the office or see the link on Seesaw.

Hot Chocolate Club

Every Friday a small group of students are chosen by their teachers for doing great work in class and they share their learning with me in while we enjoy morning tea together.

Congratulations to the following children who joined me at Hot Chocolate Club last week.

Ameera, Hani & Suuham— Grade 5/6

Zabby & Nohami— Grade 2/3

Abdallah — Grade 1

Abdirihim & Sana — Prep

Leap into Learning

Our prep readiness program, *Leap into Learning*, starts on Friday for all children enrolled into Prep for 2025. The program gives an opportunity for children to participate in school routines and to become familiar with our school setting. It will run weekly on Fridays from 9am-10.00 in our developmental play space. If you have a child starting school next year but haven't yet enrolled them, please come to the office this week.

Our oval turned white!

Here is the view from an upstairs classroom after Monday's storm! Ask your children what hailstones felt like.

Warm regards,

Julie Large
Co Principal

Olympics Posters

In the 4/5/6 area this term we have been researching about the Olympics and made amazing and interesting posters. We learnt about different Paris 2024 sports and athletes. Overall this project (in my opinion) was very fun and informative.
