Supervision

Families are reminded that teachers are on duty before school from 8.45-9.00am and after school from 3.15 until 3.30pm. Children should not be unattended in the school grounds before or after these times.

Farewell Grade 6 students

We were delighted to have Ellen Sandell, the state member for Melbourne and leader of the Victorian Greens, attend our grade 6 graduation ceremony recently. Ellen joined with family and the whole school community to celebrate this important event.

Camp Australia

Our after-school care program will continue to run every school day in 2025 from 3.15-6pm. We would love to see more children attending the program. To find out more about Camp Australia or to enrol, contact their office either at www.campastralia.com.au or phone 1300105343.

Looking after the School

We know that the school grounds get used by people on weekends and at holiday times when they play on our basketball court and the oval. This is fine, as long as people using our grounds are also leaving them in a clean and tidy state and not littering or damaging property. I would really appreciate it if our school community can help us look after the school by keeping an eye on things over the Summer break. If you see anything of concern around the school eg. downstairs doors open, people damaging property or engaging in illegal or anti-social behaviour, please notify the police on "000". Your support with this would be very much appreciated!

Almost than half of these students have been at Carlton PS since starting prep here in 2018! I know that I will be passing on the best wishes of the whole school community to our grade six students for their future success.

I would like to wish a very happy festive season to all of those families and staff who celebrate Christmas. To all of our families, I hope that you have a happy New Year, and a safe and relaxing holiday break.

I look forward to seeing everyone back at school, happy, healthy and ready for another great year of learning in 2025!

School Structure

In 2025 we are expecting a slight increase of enrolments from this year. There will be three learning areas operating across the school with two or three classes in each area. Teachers in these classes will plan together and co-teach. Our wonderful flexible learning spaces provide opportunities for children to work in collaborative and creative ways throughout the week. Children will work in a range of groupings within and across learning areas, where their "just right" learning, in both literacy and numeracy can be targeted and extended.

Outlined below is our intended school structure for next year and staff roles.

Last week children spent some time with their new teachers and 2025 classmates. Please be aware however that at the start of the school year there is sometimes a need to make adjustments to classes as student numbers settle and new enrolments are taken into account.
